He'll be tired and weary
After all these years alane
He's comin hame, your brither's comin hame

Tak the chain frae the door
Your sister's comin hame
Open wide your airms
Your sister's comin hame
Don't leave her staunin there
Efter all the pain she's known
She's comin hame, your sister's comin hame

Chorus:

Comin hame tae a place they've never been
Comin hame tae a land they've never seen
Comin hame tae a family they have never know
A' Jock Tamson's bairns
Are comin hame

He's been angry and afraid
Your faither's comin hame
He's been hounded and betrayed
Your faither's comin hame
And wi every act o kindness
A seed of hope is sown
He's comin hame. Your faither's comin hame

Sit her doon by the fire
Your mither's comin hame
Mak her warm, mak her welcome
Afore the chance is gone
She's comin hame. Your mither's comin hame

Your femlie's comin' hame
